The 2023 Air Show features an unprecedented line-up of jets. The show will feature U.S. Air Force Thunderbirds celebrating their 70th year of performing. The Air Show grounds will host a variety of display aircraft. Air Show visitors will have the chance to go inside the planes, meet the pilots and explore aviation first hand. Unique planes will include a WWII B-25, U.S. Marine Corps Harrier and U.S. Air Force C-5M Super Galaxy...the largest plane in the Air Force topping out at 65' tall. And commercial planes on the grounds will range from a small Cessna used by flight schools, to a large United Airlines Boeing 737 MAX aircraft.
